Clarksville Tobacco

CLARRSVILLE, TENN., July, 15, 1887.

Trade in tobacco circles coutines very active at full prices for all grades, the feeling growing stronger as reports come in from the caunity of diminished plantings in every district in the West, and it being too late to increase the area even with good general rains. The sales for the week were about 1,000 hogsheads. All grades were strong from lugs up, with good to fine leaf from one-half to three-quarters of a cent higher. Should anything, such as a draught, chdancer the moderate crop in the fleid, prices would at once leap far beyond present figures. We quote: CLARESVILLE, TENN., July, 15, 1887.
